6. Operation

1. Calling of visitor

The visitor presses the call button on the camera → A chime sounds → The visitor's image appears on the monitor → Dialog begins OR Dialog begins →

The display will be shown up for 60 seconds and turned off automatically

Dialog duration **60** seconds at a time

A view of the front door can be seen anytime the entrance button is pressed and a dialog can be made with anyone at the front door.

Open the door
The door release function operates only when the visitor's image is displayed on the screen
← Ends the call

* In case of connecting two cameras

The visitor presses the call button on the camera1 → A chime sounds → The visitor's image appears on the monitor

The visitor presses the call button on the camera2 → A chime sounds → The visitor's image appears on the monitor

Press once → Camera 1 view

Press twice → Camera 2 view

2. Communication with the optional Interphone

A visitor calls from the entrance → A chime rings simultaneously from both the monitor and interphone → Dialog begins → Open the door

A three-way conversation can take place if the monitor or interphone is picked up simultaneously

End the dialog ← Hang-up the handset

Call from the monitor → "Tu-Tu-Tu" Sound → Dialog begins → Call to the monitor → → Dialog begins
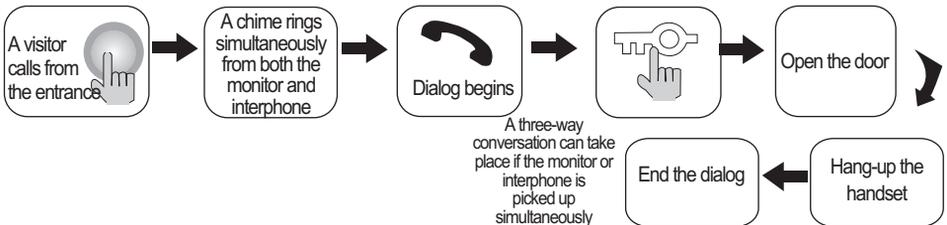

Dialog between the interphone and camera is possible only when the visitor's image is visible on the monitor screen.
